Investment Options

To be eligible for citizenship of the Commonwealth of Dominica under its Citizenship by Investment Programme, you must make:

EITHER

- A contribution into the Economic Diversification Fund (EDF) amounting to a minimum of **USD 100,000** for a single applicant, and increasing depending on the number of dependants included in the application;

OR

- An investment in designated real estate with a value of at least **USD 200,000**.

The Government of the Commonwealth of Dominica invites investments that will generate sustained economic growth and prosperity, and create jobs and business opportunities for the people of Dominica. The Government is committed to continuing to provide the legislative and administrative framework, and fiscal and technical support, necessary to encourage your investments and attain these goals. Dominica is creating modern, diversified, sustainable, and resilient economic structures to meet the demands of a highly competitive global environment. More information about the many investment opportunities available in Dominica can be found in the links below.
